

Photos. Line art. Half tones. Screens.
Black and white. Full colour.

All on glass, with pin-point accuracy.

ImagINK™ Project:
Fremantle Maritime Museum 'Welcome Walls'

Consisting of 81 custom printed, toughened & laminated glass panels; images, photos and text were printed to multi-layered glass panels throughout the Museum's external areas, showcasing both the specialised printing and also the possibilities of frameless glass installation in an external application.

For samples, a demonstration, or even just a chat to find out how Cooling Brothers new ImagINK™ system can revolutionise your next project, visit www.coolingbros.com.au/imagink or email imagink@coolingbros.
